ALASKA EXCEPTION

§ 655.530 Special provisions regarding the performance of longshore activities at locations in the State of Alaska.

Applicability. Section § 655.510 of this part shall not apply to longshore work performed at locations in the State of Alaska. The performance of longshore work by alien crewmembers at locations in the State of Alaska shall instead be governed by §§ 655.530 through 655.541. The use of alien crewmembers to perform longshore work in Alaska consisting of the use of an automated self-unloading conveyor belt or vacuum-actuated system on a vessel shall continue to be governed by the provisions of § 655.520 of this part, except that, if the Administrator finds, based on a preponderance of the evidence which may be submitted by any interested party, that an attestation is required because the performance of the particular activity of longshore work is not the prevailing practice at the location in the State of Alaska, or was during a strike or lockout or intended to influence an election of a bargaining representative for workers at that location, or if the Administrator issues a cease and desist order against use of the automated equipment without such an attestation, the required attestation shall be filed pursuant to the Alaska exception at §§ 655.530 through 655.541 and not the prevailing practice exception at § 655.510.

§ 655.531 Who may submit attestations for locations in Alaska?

In order to use alien crewmembers to perform longshore activities at a particular location in the State of Alaska an employer shall submit an attesta-

tion on Form ETA 9033-A. As noted at § 655.502, "Definitions," for purposes of §§ 655.530 through 655.541, which govern the performance of longshore activities by alien crewmembers under the Alaska exception, "employer" includes any agent or representative designated by the employer. An employer may file a single attestation for multiple locations in the State of Alaska.

§ 655.532 Where and when should attestations be submitted for locations in Alaska?

(a) Attestations shall be submitted, by U.S. mail, private carrier, or facsimile transmission to the U.S. Department of Labor regional office of the Employment and Training Administration in Seattle, Washington. Except as provided in paragraph (b) of this section, attestations shall be received and date-stamped by the Department at least 30 calendar days prior to the date of the first performance of the longshore activity. The attestation shall be accepted for filing or returned by ETA in accordance with § 655.538 within 14 calendar days of the date received by ETA. An attestation which is accepted by ETA solely because it was not reviewed within 14 days is subject to subsequent invalidation pursuant to § 655.540 of this part. An employer filing an attestation shall have an agent or representative with a United States address. Such address shall be clearly indicated on the Form ETA 9033-A. In order to ensure that an attestation has been accepted for filing prior to the date of the first performance of the longshore activity, employers are advised to take mailing time into account to make sure that ETA receives the attestation at least 30 days prior to the first performance of the longshore activity.

(b) *Late filings.* ETA may accept for filing attestations received after the 30-day deadline where the employer could not have reasonably anticipated the need to file an attestation for the particular location at that time. When an employer states that it could not have reasonably anticipated the need to file the attestation at that time, it shall submit documentation to ETA to support such a claim. ETA shall then make a determination on the validity
